Professional Summary

Resourceful and results-driven full-stack developer with a solid engineering background and hands-on experience building scalable web applications. Proficient in modern JavaScript stacks including Node.js, Express.js, MongoDB, React, and Next.js. Skilled in designing RESTful APIs, managing NoSQL databases, implementing authentication flows, and creating responsive, accessible UIs using Tailwind CSS. Strong foundation in backend architecture and frontend integration, with real-world experience across fintech, logistics, and e-commerce domains. Adept at problem-solving, collaborating in cross-functional teams, and delivering high-impact solutions under agile workflows.

Skills

- Languages: JavaScript, HTML, CSS
- Frontend: React.js, Next.js, Remix, Tailwind CSS
- Backend: Node.js, Express.js
- Databases: MongoDB
- Tools: Git, GitHub, Postman, Visual Studio Code
- Other: RESTful APIs, Mongoose
